Missionaries to Argentina

Greetings in the name of our Lord Jesus Christ!

July-August 2026

I am writing this letter with great happiness and gratitude for all that God is doing in Argentina! By the grace of God, He has helped us pastor two churches at the same time. This has been very challenging for us, but God has been so good to us. He has given us the strength and wisdom we needed each day. My father will be returning to Argentina on September 1, and we are thankful for all that God has allowed us to accomplish during his furlough.

Children's Day

In the month of August, we had a special Children's Day event. We had over 400 children present, making it the largest children's event we have ever had! Many children and adults accepted Christ as their Savior. We were able to provide hot chocolate and pastries for everyone who attended, and we also had a special gift for every child.

After these special events, we often see children and adults continue coming to our church. One of the greatest blessings is seeing our church members participate and become involved in the ministry. It truly blesses our hearts to see them serving the Lord and helping reach others with the Gospel.

Our New Church Building

God is faithful and good! We would like to thank every church, pastor, brother, and sister who has taken part in our building project. Thank you for giving, praying, and helping us make this project possible. We are truly grateful for your partnership in reaching Argentina for Christ.

We are happy to tell you that during the last week of August, we had our first service in our new auditorium! It was an exciting and special time to see how God provided. After many months of hard work, we can now meet in our own building! We still need to finish the floor tile, ceiling, and painting, as well as complete the kitchen. But we are very excited and thankful to see what the Lord will do through this new building!

Before our first service, we went soul winning throughout the area, going house to house and inviting people to the church. On our inauguration service, we had over 200 people present, 15 first-time visitors, and 15 people accept Christ as their Savior! One of the ladies who came for the first time was so excited about the church. She was especially happy because she now had a Bible-preaching church close to her home that she could attend.

Goals for the Future

- Continue going soul winning house to house, so that many more people can hear the Gospel message.
- Baptize and disciple new believers, helping them grow in the Lord.
- Finish the building project, so we can better serve our church and community.
- Continue reaching more people for Christ and training others to serve the Lord.

Again, thank you so much for having a part in this building project. We pray that much fruit will abound to your account through this new building and the ministry that will take place here. **This new building is more than just concrete and walls. It is a lighthouse that will shine the light of the Gospel for generations to come.**

We appreciate your prayers for our family. We have lost some financial support due to several churches closing and some individuals who are no longer able to support us. Because of this, we will be returning to the USA for three months to raise some of the support we have lost.

Thank you for helping us reach Argentina for Christ!

Serving Christ,
Joshua & Abigail Owens
