Summer / Fall 2026

Hello in the name of Christ,

It is wonderful to be able to get back with you and write a report of what God has been doing throughout this year. The Lord is good, and we are thankful for His continual guidance in our lives. Harvest Baptist Church is moving forward here in Santa Fe. We are on target to finish all the remodeling that we have been working on for years by this coming spring. A 20,000 ft. building that has deteriorated and been dated for many years is a long process to remodel. But God has supplied, and we are making great strides in progress.

The church plant in Antonito has grown this year. We have approximately 20 locals who are faithful and attending. We will be meeting with the local school board in the month of October. There is an old middle school that has sat abandoned for several years. We are going to look at this building, and if it is worth the effort, we're going to propose to the city that they donate the building to us. This would give the church a decent-sized building, a future parsonage, and a couple of outbuildings for fellowship and activities plus a paved parking lot. This would be a great blessing in this rural area to use as a base of operation for many years to come. We will keep you updated. Be much in prayer for God's will to be done here in this matter.

We have purchased another lot beside the warehouse property in Columbus, New Mexico. This opens up more potential for the warehouse ministry. Our goal would be to bring a coordinator who is a Mexican resident of the United States. Our prayer is that God would send us such a man who could be a church planting missionary. The idea would be for him and his family to join Harvest Baptist Church to coordinate the mission houses and warehouses on that property and start a church in Columbus. From this area, there could be other towns where Spanish-speaking churches could be started on both sides of the border. Right now this helps us build the infrastructure so that when we do get such a man we have a place already set up to place him. This lot would give a place for him to live as well as some school modules that we would like to place there for a future church building.

The church building has been started and completed in the Pueblo of Casas Grandes, Chihuahua, Mexico. This church plant is being led by Marco Sanchez Delgado, one of our Harvest Baptist missionaries out of our church. The building now is able to seat over 100 people. The property also has a parsonage/youth building on it. We are looking at potentially organizing this church in the next two years as an independent Baptist church standing on its own two feet. We will be going there in November to ordain Brother Marco and to baptize converts.

As of this date, Harvest Baptist Church has organized the one church in Las Vegas, New Mexico, and we still have nine church plants getting to that stage as we speak. Be much in prayer for His Harvest Ministries and the church planting arm of Harvest Baptist Church. Pray for our family. As the ministry grows, so grows our family in maturity. Right now Clint is working about 40 or 50 hours a week in three different jobs. He is 16 years old and planning for his future. The rest are following right behind in turn. Thank you for your support, love, and care.

God bless you,
Chris Rogers
